

Dear Brian,

Don and I want to thank you for a timely job well done. There has been almost an inch of hard rain and no roof leaks.

The workmen who came were very nice and thorough in their work. I especially appreciated the pictures that were taken - it eliminated Don's "need" to climb onto the roof for inspection, as well as giving us a good record of repairs.

Don enjoyed visiting with you when you came. Thank you again so much.

As ever,

Ann Hanto
